Designed in response to the growing popularity of our automatic vehicles, this super motorhome has the same layout as the current 2 + 1 Premier Motorhome and is perfect for 2 adults and a child. Built on a Mercedes Benz Sprinter long wheel base, this motorhome offers even more living space for your family, with enhanced seating and sleeping comfort for a child. Sure to be a winner! Front swiveling seats and a third passenger seat behind the driver create a second living area complete with a flat LCD Screen and DVD player as a standard feature. We've built more enhancements into the third passenger seat so that in the evening this lounge area also converts to a comfortable sleeping area, providing space both day and night for the third member of your family. Other features include filtered water, hot and cold pressurized water, shower and toilet, 4 burner gas stove with grill and range hood, gas and electric heating, and extensive storage. Modern cabinetry and carpets provide a luxury finish and a warm living environment.
